

Dream it, Plan it, Make it Happen!

CareerZone: Building Your Future

Map out your future using CareerZone, New York State's online resource that makes planning for college and careers fun and easy. CareerZone is supported by the New York State Department of Labor and is available in many languages. Check out some of CareerZone's features below.

What is CareerZone?

It is a system that makes hundreds of occupational definitions available to help you better understand today's complex world of work. CareerZone also includes information on colleges, a résumé builder, and real-time job postings to help you make informed career decisions.

Get Started with Assess Yourself

Not sure what occupations best suit you? Assess Yourself is a quick and easy tool that helps you find which careers match your interests and work values. Choose up to three interests or values most important to you to create a custom list of occupations for you to explore.

Explore Occupations

CareerZone makes it easy to research occupations that match your strengths, skills, and interests. Explore over 800 occupation profile pages and over 400 videos to find information on the skills, knowledge, and education required to be successful in each career.

Dollars and \$ense

Planning for life after high school or college? Need a car? Saving for a new place to live? Dollars and \$ense helps you get an idea of what your monthly living expenses will be and then returns a list of occupations that fit your budget. You can also select your dream job and plan your budget according to the salary.

Explore STEM Careers

Science, Technology, Engineering and Math (STEM) Careers are on the rise. Entry-level wages in STEM careers are higher than other fields. View a list of current STEM Workshops, Summer Camps, and Internships you can participate in to enhance your skills, knowledge and experience in STEM.

CareerZone Portfolio: A Place to Plan

The CareerZone Portfolio is a great place to save all of the information you may need in the future. Below is more information about what the CareerZone portfolio provides.

Get Involved, Be Ready

The CareerZone Portfolio helps you keep track of work, community service, education history, and extracurricular activities. These elements are essential for résumés, job and college or training applications, and networking opportunities. Use the CareerZone Portfolio today to start keeping track of all past, current, and future accomplishments.

Bring It All Together

After finishing all the modules in the CareerZone Portfolio, use the information to develop résumés for various work related opportunities. Finish by printing your Career Plan, a multi-page snapshot of the information entered into various modules. Your Career Plan document is updated automatically each time you use CareerZone, so it's always current and ready to use.
