- Infants under 15 days old may not be employed as child performers.
- Meal periods, rest periods, and hours of instruction are included in the total maximum hours on set.
- To complete a one-day assignment performers 6 months and older may have maximum daily work and on set hours increased by 2 hours, but cannot work the following day.
- Child performers must receive 12 hours of rest between workdays.
- Child performers ages 14-17 may work up to 8 hours during school hours, for no more than 2 consecutive days, with school permission.
- If a child performer works after attending school, the maximum daily hours of presence at the workplace is reduced by 3 hours. When a child performer provides services at his or her residence after attending school, the maximum daily hours for providing services is reduced by 3 hours.
