Migrant/Seasonal Worker OSOS Guide
PURPOSE

The purpose of this guide is to define the fields in the Migrant/Seasonal Worker section of the Add'l Info tab in OSOS. It will also provide guidance on what OSOS recorded L1 activities must be included in federal reporting.

Reporting of Migrant Seasonal Farm Worker (MSFW) outreach, monitoring, services provided and referral of apparent violations to enforcement agencies, are reported along with other information in the Labor Exchange Agricultural Reporting System (LEARS) ETA Form 5148.

OSOS DATA ENTRY

OSOS requires data entry to establish if a customer is a MSFW and what services are provided to the customer. A customer’s designation regarding MSFW status is listed in the Additional Information tab (Add'l Info). Services are recorded as L1 services (Activities) or L2 Services (Services).

Activities may be recorded from any tab in the Customer Detail window by clicking the Activity button. Services may be entered from the Services window only.
ADD'L INFO TAB
The Add'l Info tab in OSOS is where the customer is designated as a migrant seasonal farm worker. In the Add'l Info tab, select Yes for Migrant/Seasonal Worker if the customer meets the criteria for one of the 3 classes as defined below. Selecting Yes will activate the other required fields.

Select "Yes" or "No"
Select the appropriate **Class** based on the customer's work history:

- **Seasonal Farm Worker**: a person who, during the preceding 12 months, worked at least an aggregate of 25 or more days or part of days in which some work was performed in farm work, earned at least 50% of his / her earned income from farm work, and was not employed in farm work year round by the same employer. For the purposes of this definition only, a farm labor contractor is not considered an employer. Non-migrant individuals who are full-time students are excluded.

- **Migrant Farm Worker**: Is a seasonal farm worker who had to travel to do the farm work so that he/she was unable to return to his/her permanent residence within the same day. Full-time students traveling in organized groups rather than with their families are excluded.

- **Migrant Food Processing Worker**: a person who, during the preceding 12 months, has worked at least an aggregate of 25 or more days or parts of days in which some work was performed in food processing, earned at least 50% of his / her earned income from food processing work, and was not employed in food processing year round by the same employer, provided that the food processing required travel such that the worker was unable to return to his / her permanent residence in the same day. Migrant food processing workers who are full-time students but who travel in organized groups rather than with their families are excluded.

Be sure that the customer's information is data entered into the Work History tab and supports the **Class** that has been selected.
Select the **Farmwork Type** based on the customer’s work experience:

To look up NAICS codes, go to this website: [http://www.census.gov/eos/www/naics/](http://www.census.gov/eos/www/naics/) or cull the NAICS Code from the Work History.
