

Steps to Find O*NET Code and Job Zone of an Occupation Applicable to Tasks Performed by Trainee at Work

This guide will help Existing Employee Training (EET) Program applicants complete the Master List of Trainees Attachment. Unemployed Worker Training (UWT) Program applicants will find this informational attachment helpful for completing the Business Commitment Attachment.

Step 1: Enter the occupational title

The screenshot shows the O*NET OnLine website interface. At the top right, there is an "Occupation Quick Search" box with the word "drafter" entered. A yellow circle highlights this search box, with a blue letter 'a' next to it. Below the search box is a navigation menu with options: "Help", "Find Occupations", "Advanced Search", "Crosswalks", "Share", and "O*NET Sites". The main content area features a large banner with the text "Build your future with O*NET OnLine." and a "What is O*NET?" button. To the right of the banner are several promotional boxes: "What's New?", "I want to be a...", "ATTN: VETERANS", and "Hot Technologies". At the bottom left, there is a search bar labeled "Occupation Search" with a "Keyword or O*NET-SOC Code:" input field. Below this are three categories: "Find Occupations", "Advanced Search", and "Crosswalks". A blue letter 'b' is placed near the "Get Started" button in the "ATTN: VETERANS" box.

On www.onetonline.org, in the "Occupation Quick Search" Window, type the name of the occupation or job title that describes the occupation of the trainee in the EET program, and occupations in which businesses have committed to interview trainees under the SPT and UWT applications.

For example:
For EET: if the existing employee is a drafter, then search the O*NET occupation by typing "drafter."
For UWT: if a business has committed to interview your trainees as drafters find the exact O*NET.

Click on the arrow of the search window to find a list of O*NET occupations that match your search.

Steps to Find O*NET Code and Job Zone of an Occupation Applicable to Tasks Performed by Trainee at Work

Step 2: Review the list of occupational titles to find the appropriate occupational title

The screenshot shows the O*NET OnLine website interface. At the top left is the O*NET logo and the text "O*NET OnLine A proud partner of the americanjobcenter® network". To the right is a search bar labeled "Occupation Quick Search:". Below the search bar is a navigation menu with "Help", "Find Occupations", "Advanced Search", "Crosswalks", "Share", and "O*NET Sites". The main content area is titled "Quick Search for: drafter" and includes a sub-header "Showing top 20 occupations for drafter. Closest matches are shown first." Below this is a table with columns "How do they match?", "Code", and "Occupation". The table lists 20 occupations, with "Electrical Drafters" highlighted by a blue circle labeled 'a'. An orange arrow points from a blue circle labeled 'b' to the "Electrical Drafters" entry.

How do they match?	Code	Occupation
	17-3012.01	Electronic Drafters
	17-3012.02	Electrical Drafters
	17-3011.01	Architectural Drafters ✔ Green
	17-3013.00	Mechanical Drafters
	17-3019.00	Drafters, All Other
	17-3011.02	Civil Drafters
	17-3011.00	Architectural and Civil Drafters
	17-3012.00	Electrical and Electronics Drafters
	17-2141.00	Mechanical Engineers ★ Bright Outlook ✔
	17-1021.00	Cartographers and Photogrammetrists ★
	17-3031.02	Mapping Technicians
	17-2121.01	Marine Engineers
	51-6099.00	Textile, Apparel, and Furnishings Workers, All Other
	17-3029.00	Engineering Technicians, Except Drafters, All Other
	17-2121.02	Marine Architects
	17-2022.00	Civil Engineering Technicians

You will see a list of occupations that match the occupational title you entered.

Click on the occupational title that is most applicable to review the summary report of that occupation.

For example:
For drafter, 20 O*NET occupations were found. If Electrical Drafters was most applicable to the trainee positions, click on it to view the next screen detailing the tasks typically performed by an Electrical Drafter.

Steps to Find O*NET Code and Job Zone of an Occupation Applicable to Tasks Performed by Trainee at Work

Step 3: Confirm that the O*NET occupation you selected is applicable to the trainee

For the EET Program, skip this step (4 (a) and (b)) and follow step 5 after finding the applicable occupation.

For the UWT Pro-grams: If the searched O*NET occupation is applicable, enter the O*NET code of that occupation in the Business Commitment Attachment. For example: If Electrical Drafters is the applicable occupation, enter O*NET code 17-3012.02 and the occupational title “Electrical Drafters” in the Business Commitment Attachment.

Repeat steps 1-4 to find all O*NET codes applicable to occupations for which businesses have committed to interview your trainees.

Steps to Find O*NET Code and Job Zone of an Occupation Applicable to Tasks Performed by Trainee at Work

Steps 5-7 in the guide are only applicable to the Existing Employee Training Program RFP

Step 5: Click on the Job Zone link of the applicable O*NET occupation

The screenshot shows the O*NET OnLine website interface. At the top left is the O*NET logo and the text "O*NET OnLine A proud partner of the americanjobcenter® network". To the right is a search bar labeled "Occupation Quick Search:". Below the logo are navigation links: "Help", "Find Occupations", "Advanced Search", "Crosswalks", "Share", and "O*NET Sites". The main heading is "Summary Report for: 17-3012.02 - Electrical Drafters" with a "Updated 2018" link. Below this is a description of the occupation and a list of "Sample of reported job titles". A navigation bar contains "View report:" followed by "Summary", "Details", and "Custom". Below this is a horizontal menu of links: "Tasks", "Tools & Technology", "Knowledge", "Skills", "Abilities", "Work Activities", "Detailed Work Activities", "Work Content", "Job Zone", "Education", "Credentials", "Interests", "Work Styles", "Work Values", "Related Occupations", "Wages & Employment", "Job Openings", and "Additional Information". The "Job Zone" link is circled in orange. Below the menu is the "Tasks" section, which is also circled in orange. It shows a list of 15 tasks, with the first five visible. Below the tasks is a "Tools & Technology" section, which is partially visible.

If the O*NET occupation is applicable based on the tasks performed by your prospective trainees, click on “Job Zone” to identify if the occupation is a low, middle, or high-skills occupation.

For example: If Electrical Drafter is the applicable occupation, click on “Job Zone” to determine the level of preparation needed to work as an Electrical Drafter.

Job Zone

Title Job Zone Three Medium Preparation Needed

Education Most occupations in this zone require training in vocational schools, related on-the-job experience, or an associate's degree.

Related Experience Previous work-related skill, knowledge, or experience is required for these occupations. For example, an electrician must have completed three or four years of apprenticeship or several years of vocational training, and often must have passed a licensing exam, in order to perform the job.

Job Training Employees in these occupations usually need one or two years of training involving both on-the-job experience and informal training with experienced workers. A recognized apprenticeship program may be associated with these occupations.

Job Zone Examples These occupations usually involve using communication and organizational skills to coordinate, supervise, manage, or train others to accomplish goals. Examples include food service managers, electricians, agricultural technicians, legal secretaries, occupational therapy assistants, and medical assistants.

You may want to view and/or educate your trainees on the credentials and certifications applicable to the occupation by clicking this link.

After clicking on "Job Zone" you will see the Job Zone of the occupation. If the Job Zone is 1, 2 or 3, the employee in this occupation is in low or middle-skills occupations and is eligible for training under the EET RFP.

Enter the appropriate Job Zone (1, 2, or 3) in the Master List of Existing Employee Attachment.

If the Job Zone is 4 or 5, the trainee in this occupation is not eligible to receive funding under the EET RFP.

Click "back to top" to view the top of the Summary Report of the occupation to determine the O*NET code.

For example: Electrical Drafters has a Job Zone of 3, and is therefore considered a middle-skills occupation and eligible for training under this RFP.
