Workforce Development System
Technical Advisory #18-02.4
December 8, 2021

To: Workforce Development Community

Subject: Eligible Training Provider List

Purpose

Update New York State Department of Labor (NYSDOL) policy regarding the Eligible Training Provider List (ETPL) to comply with the Workforce Innovation and Opportunity Act (WIOA).

Policy

Training providers and offerings must be listed on the ETPL in order to receive WIOA funding through an Individual Training Account (ITA).

All Registered Apprenticeship (RA) programs are automatically eligible for inclusion on the ETPL and are not required go through the initial and continued eligibility processes.

NYSDOL’s Registered Apprenticeship training office will inform RA program sponsors of their right to be included on the ETPL through mail and email.

Action

Local Workforce Development Boards (LWDBs) will accept applications, determine if training offerings are for in-demand occupations, assist training providers that wish to be placed on the ETPL by providing information on the application process, and determine the Initial Eligibility and Continued Eligibility of training providers and their offering(s).

LWDBs will review current procedures for approving training providers/offerings on the ETPL and update as necessary.

NYSDOL has final authority on approval/denial of ETPL providers, will maintain the State ETPL on the NYSDOL website, review LWDB procedures for the provision of
Initial and Continued Eligibility, provide additional review of any training providers denied access, respond to inquiries regarding the ETPL, and provide technical assistance to LWDBs and training providers as necessary.

Eligibility

Initial Eligibility

Initial eligibility is based on the training provider/offering’s authority or authorization to operate as determined by the LWDB.

a. Period of Initial Eligibility: 12 months from the date the training provider/course offering is first approved for listing on the ETPL.

b. Training Providers Eligible to Receive Funding: An institution of higher education that provides a program that leads to a recognized postsecondary credential; an entity that carries out programs under the National Apprenticeship Act; other public or private providers of a program of training services, including community-based organizations and joint labor-management organizations; and eligible providers of adult education and literacy activities under Title II if activities are provided concurrently or in combination with one or more of the following training services:
   - Occupational skills training;
   - On-the-job training (OJT);
   - Incumbent worker training;
   - Programs that combine workplace training and related instruction, which may include cooperative education programs;
   - Training programs operated by the private sector;
   - Skill upgrading or retraining; or
   - Entrepreneurial training.

c. Courses: Approved providers are not required to list their entire course catalog on the ETPL. A single course offering should be submitted to gain entry to the ETPL with additional course offerings added when a WIOA participant wishes to enroll in a specific course or program of study.

WIOA Funding: Inclusion of a provider on the ETPL does not entitle or assure that the provider will receive funding from a LWDB. Course offerings being funded must provide training for an occupation identified by the LWDB as an in-demand occupation or industry sector in the Local Workforce Development Area (LWDA). Training providers not listed on the ETPL may receive WIOA training funds if the training is considered on-the-job training, customized training, incumbent worker training or transitional employment.
There are also additional circumstances when the LWDB can decide not to use an ITA, and instead use a contract to provide training services. These circumstances include, but are not limited to:

- When the LWDB determines there is an insufficient number of Eligible Training Providers (ETPs) in the LWDA;
- When there is already an effective training service that serves individuals with barriers to employment;
- When the LWDB determines it is more appropriate to contract with an institution of higher education; and/or
- When a pay-for-performance contract is used to provide the training services.

d. Out-of-State Providers: Providers that do not have an in-state training facility may apply to any LWDB that is willing to approve out-of-state providers. If approved, the provider will be added to the ETPL.

During the Initial Eligibility Review Process, LWDBs are responsible for the following:

a. Notifying providers of the opportunity to apply to be on the ETPL;

b. Acting on a training provider's offering application within 30 days of receipt;

c. Setting levels of expected program-specific performance;

d. Ensuring training providers submit for consideration performance and cost information for each course offering. Performance information should include data on employment 2nd and 4th Quarter after exit, median earnings 2nd Quarter after exit, and credential attainment;

e. Requiring that training providers be in compliance with State laws by having a current license, certification, registration, approval or exemption from the appropriate State and/or federal oversight agency;

f. Evaluating the experience and reputation of the training provider and the schedule of offerings; and

g. Considering other information that may be locally relevant in making a determination of funding eligibility (i.e., whether the training provider is in partnership with a business).

More information regarding the eligibility process can be found in Attachment A: Eligible Training Provider List Provider User Guide.

Continued Eligibility

After a training provider has reached the end of the 12-month period of Initial Eligibility, LWDBs must perform a Continued Eligibility review of the provider.

a. Training Provider Requirements: Training providers must complete accurate and timely performance and program cost information for offerings that have been on
the ETPL for 12 months. ETP performance must include the following performance measures: Employment 2nd and 4th Quarter after Exit, Median Earnings, and Credential Attainment. Full details on the required performance indicators can be found in TA #18-6.2 “Primary Indicators of Performance for Titles I and III under the Workforce Innovation and Opportunity Act (WIOA)” (September 17, 2018).

b. LWDB Review: LWDBs must review the information provided and make a determination to approve the training provider for a period of Continued Eligibility, or remove it from the ETPL.

c. Approval: If approved, the period of Continued Eligibility is 24 months from the date the training provider/offering is reviewed and granted Continued Eligibility.

d. Future Eligibility: A Continued Eligibility review must be performed at least once every 24 months thereafter.

When recommending a training provider and its offering(s) remain on the ETPL, the LWDB must consider the following:

a. Specific economic, geographic and demographic factors in the local area and the characteristics of the population to be served, including offerings for rural areas, offerings provided through the use of technology, and offerings that are physically and programmatically accessible for individuals who are employed and individuals with barriers to employment, including individuals with disabilities;

b. Program-specific performance information and attainment submitted by the training provider;

c. Program-specific cost information, including tuition and fees;

d. Compliance with the license, certification, registration, approval or exemption required by the appropriate State and/or federal oversight agency to provide the training;

e. LWDB experience with the training provider;

f. Ways in which the criteria can encourage training providers to offer quality training courses leading to industry-recognized certificates and postsecondary credentials;

g. Training needs of the local area with respect to in-demand industry sectors and occupations; and

h. Any other information that may be relevant in determining Continued Eligibility status (i.e., information reported to State agencies on federal and State training programs other than WIOA Title I-B programs).

Additional information on LWDB considerations can be found in Attachment B: Eligible Training Provider List Guide for Local Workforce Development Boards.

RA Programs on the ETPL
WIOA grants RA programs registered with the U.S. Department of Labor, Office of Apprenticeship, or NYSDOL, automatic eligibility to the State ETPL. Additionally, RA programs are subject to an abbreviated application to be placed on the ETPL. RA program sponsors must provide NYSDOL the following for inclusion on the ETPL:

a. The occupation(s);

b. The name and address of the sponsor;

c. The name and address of Related Instruction Provider (and the location of instruction if different from the program sponsor’s address);

d. Method/Training Approach (Time-based, Competency-based or Hybrid);

e. Length of instruction; and

f. Number of apprentices.

RA programs are exempt from performance reporting requirements, although they may wish to voluntarily submit performance outcomes.

RA programs will remain on the ETPL until:

a. The RA program notifies the State agency it no longer wants to be included on the list;

b. The program becomes deregistered under the National Apprenticeship Act;

c. The program is determined to have intentionally supplied inaccurate information; or

d. A determination is made that the RA program substantially violated any provision of Title I of WIOA or the WIOA regulations, including 29 CFR part 38.

There will be a biennial review (every two years) of RA sponsor’s eligibility by NYSDOL, using the removal criteria above.

Retention of Initial and Continued Eligibility

To retain Initial and Continued Eligibility, a training provider must deliver results and provide accurate information to NYSDOL. Eligibility may be denied/terminated for the following reasons:

a. The training provider does not have appropriate State and/or federal approval to operate;

b. The application is not complete;

c. The offering does not meet the definition of WIOA training services;

d. Required performance data is not included with the application or the performance data does not meet established performance levels;

e. The training provider is delinquent in delivery of reports, payment of debt, or otherwise out of compliance with WIOA or any agreement executed under WIOA;
f. The training provider is not current in the payment of unemployment insurance contributions or reimbursements, or is in violation of State Labor Law;
g. The training provider intentionally supplied inaccurate information;
h. The training provider violated any requirement under WIOA; or
i. The training provider failed to demonstrate the business capacity or integrity to successfully deliver training.

Denial of Eligibility

The recommendation to deny the eligibility of an offering may originate from either the LWDB or NYSDOL. Training providers will be notified of a decision to deny eligibility status for an offering. If an offering is denied eligibility, the training provider may take the following steps:

a. Training providers have the right to appeal denial of eligibility status. A training provider has 15 business days from the date of a denial notice in which to file an appeal. The request for appeal must be in writing, signed by an authorized agent of the training provider, and be submitted to both the LWDB and NYSDOL;
b. The LWDB and NYSDOL may reverse their original denial if an administrative error was made or if additional information submitted by the training provider changes the basis on which the original decision was issued; or

c. If the LWDB and NYSDOL do not reverse their original denial, the training provider will not be able to reapply to the ETPL until after a specified waiting period. The length of the waiting period will be determined by the LWDB and NYSDOL based on the reason for the denial, up to a maximum of 24 months. Each case will be reviewed individually and the waiting period will be calculated from the original date of the denial.

BACKGROUND

The New York State (NYS) Eligible Training Provider List (ETPL) was established in compliance with Title 1, Section 122 of the Workforce Investment Act and is continued in compliance with Part 679 of the Workforce Innovation and Opportunity Act (WIOA). The ETPL is a list of training providers who qualify to receive Individual Training Accounts or Grants (ITAs or ITGs) for their approved programs. An ITA/ITG is a voucher given to adult customers who need occupational skills training to become gainfully employed or re-employed.

To be listed initially on the ETPL, the training provider’s program must be evaluated and approved by a Local Workforce Development Board (LWDB). You can apply with the LWDB serving the Local Workforce Development Area (LWDA) in which you are located. If you are located out-of-state, you can apply to the geographically closest LWDB/LWDA or the LWDB/LWDA from which you anticipate receiving the most referrals.

After a training provider’s program(s) have been approved for initial eligibility, the program will be required to undergo an annual eligibility determination, called Continued Eligibility. Performance information is submitted and must be approved by the LWDB for the eligible program(s) to remain on the ETPL. The section on Continued Eligibility will be included in future updates to this guide as performance reporting is now mandated for all training participants.

The purpose of this guide is to provide training providers with general information and procedures for accessing and using the online application. This guide is not intended to provide training providers with all policies and procedures related to the certification of training programs.
You will need to have or know the following:

- **Federal Employer Identification Number (FEIN) or Social Security Number (SSN);**
- **DUNS (Data Universal Numbering System) Number; and**
  - The DUNS number is a unique nine-character number that identifies your organization. Your company may already have a number, and you can search their site or request a number here: [http://fedgov.dnb.com/webform](http://fedgov.dnb.com/webform). DUNS numbers are free and obtained from Dun and Bradstreet (D&B). You are not obligated to purchase any of D&B’s products.
- **Any licenses, if applicable, required to provide training within NYS.**

In Part 3 of the application, several forms, either required by the NYS Department of Labor (NYSDOL) and/or your LWDB, need to be printed, completed, scanned, and uploaded into the application.

The forms required by NYSDOL are:

- **LWDA Eligible Training Provider Certification Assurances; and**
- **Authorized Signature.**
CREATING YOUR USERNAME AND PASSWORD

From the ETPL website Welcome Page, select Provider.

Log-In from the navigation bar on the left-hand side. This will bring you to the Welcome Training Provider page. If you are an existing training provider, click on Already have Account to enter your Username and Password.

If you are a new training provider, click on Create an Account. This will bring you to the New York State Directory Service (NYSDS) Self Registration page. Enter the required information, including a temporary password. All fields with an asterisk (*) must be completed. Your User ID must be between 4-10 characters. Passwords must be at least 14 characters and include at least one upper case letter, one lower case letter, and one number. After completing all required fields, click on Create Account. If your username is not unique, you will be prompted to create a different one.

The next tab is the provider’s Profile Information, with special attention being paid to the License Entities section. A valid license or exemption under the NYS Education law is required to be approved on the ETPL. If your organization is licensed in NYS, select Yes and then click Add. You’ll then be prompted to provide the name of the licensing entity and attest whether you are in good standing.

If qualifying under an exemption in the state education law, select No to licensing and Yes to the exemption question. Select the appropriate exemption from the dropdown list. The state law can be viewed by clicking the hyperlink at the bottom of the License Entities section.
PART 3 OF 6 – PROVIDER DOCUMENTATION

The Documentation Tab has downloadable forms required by NYSDOL and/or your LWDB. All documents marked with a red asterisk must be completed. Other documents may also be required by your LWDB. Click Choose File to upload each requested document and hit Save & Continue to proceed.

Clicking Save and Submit Registration will send your application to your designated LWDB, so ensure the information entered on each tab is accurate prior to final submission. You will be notified by e-mail when a decision has been made regarding your application.

OUTSIDE PROVIDER

The Outside Provider tab allows a training provider to request that their training course offerings are displayed in a LWDA they are not physically present in. Becoming an outside provider expands the visibility of the organization and increases the number of available trainings to students across the state. To apply to be an outside provider, navigate to the Outside Provider tab and select the LWDA(s) the training provider wishes to appear in. Click Save.
A list of the LWDAs the training provider participates in or are pending approval can be found at the bottom of the page.

CONTINUED ELIGIBILITY

WIOA requires that programs approved for Initial Eligibility undergo an evaluation for Continued Eligibility after one year. Future Continued Eligibility reviews must be completed biennially (every two years). However, currently NYS does not have a process in place for Continued Eligibility. The guide will be updated in the future to include the process for Continued Eligibility.

APPRENTICESHIP

All Registered Apprenticeship programs are automatically eligible to be included on the ETPL. Any Registered Apprenticeship providers that want to be added before the process is finalized should contact the NYSDOL ETPL Help Desk at etp@labor.ny.gov. NYSDOL will facilitate the approval of Registered Apprenticeship programs.

BACKGROUND

The New York State (NYS) Eligible Training Provider List (ETPL) was established in compliance with the Workforce Investment Act of 1998 and continues under the Workforce Innovation and Opportunity Act (WIOA). The purpose of the ETPL is to present a broad and diverse selection of training choices to support employment goals of individuals. Training providers must be listed on the ETPL to receive WIOA funding through an Individual Training Account or Grant (ITA/ITG).

To be listed initially on the ETPL, a training provider’s program must be evaluated and approved by a Local Workforce Development Board (LWDB). After a training provider’s program(s) has been approved for initial eligibility, the program(s) will be required to undergo an evaluation for Continued Eligibility after one year. However, NYS does not currently have a process in place for Continued Eligibility. The guide will be updated in the future to include the process for Continued Eligibility.

Note: The purpose of this guide is to provide general information and procedures for accessing and using the online ETPL application. This guide is not intended to provide all policies and procedures related to the certification of training programs.
WDB Dashboard

From the ETPL website, select WDB Log-In from the navigation bar on the left side of the page. Please note that usernames and passwords are case sensitive and must be entered manually.

After logging in, you will be brought to the WDB Home Page and the WDB Dashboard tab. This screen shows New Provider Requests, New Course Offering Requests, Pending Edit Course Requests, Pending Edit Provider Requests, and Outside Provider Requests. There are also tabs for Provider Management, Announcements, Documents, Contacts, Reports, and In Demand Occupations.

New Provider Requests

If you have New Provider Requests, click on the Provider name. This will bring you through the six parts of the Training Provider Registration.

On the screen that follows, click View Provider Details to review the organization’s application. A new tab or window will open in your browser.

1. Administration Tab

The administration tab contains location and contact information for the applicant.
2. **Profile Tab**

This is where the provider will provide more information about the school, including:

- Organization Type;
- Ownership Type;
- Provider Type;
- Accrediting Entities;
- License/Exemption data;
- Additional Services; and
- Financial Aid.
3. **Documentation Tab**

This section includes three forms required by NYSDOL:

- Assurances;
- Authorized Signature; and
- Provider Contact Information.
If necessary, LWDBs can upload their own LWDB policy or information documents using the Documentation tab.

4. Training Site Details Tab

The Training Site Details tab provides the organization’s contact information and training locations. Training providers can have multiple training sites if they have more than one location.

5. Courses Tab

The Courses tab contains vital information about the training course and is broken out into six subtabs. Click on the course title to view more. A new tab or window will open in your browser.
The **General** subtab contains the course description, curriculum, and any prerequisites needed to take the course.
The Costs subtab outlines any required and/or additional costs associated with taking the training course.
The **Hours** subtab provides a breakdown of how the instructional hours will be applied throughout the course and calculates the total hours needed to complete the training.

![Image](image1.png)

The **Credential Information** subtab describes whether a course is credit bearing, grants a credential, confers credit hours, or requires a credential examination.

![Image](image2.png)

The **Career Classification** subtab will display the related instructional programs the training provider has designated for this training course.
The final subtab, Licenses, will show any licensing documents uploaded by the provider to prove their ability to provide the training in question within NYS.

6. Course Offering Tab

The final tab is Course Offering, which is broken into two subtabs labeled General and Schedule. The General subtab contains data about where the course will be given, the language it is offered in, and how it will be delivered. The Schedule subtab provides the start and end dates for the training. To access these two subtabs, click on the Offering ID number listed under the course title.
After reviewing the course and offering details, return to the Course Offering Approval page and select whether to approve or deny the application. If the training is being approved, a Seeker Service Type must be selected and a determination on whether to fund the course must be made.
If denied, an explanation must be given which will be included in the e-mail sent to the Provider at the end of the approval process. Whether the application is being approved or denied, click **Save** to proceed.

This will bring you back to the **WDB Dashboard**.
New Offering Requests

From the WDB Dashboard, select the Course Title to review.

Click on View Course Offering Details to view the offering information. Once your review is complete, approve the offering using the same instructions found in the prior section.

You will be returned to the WDB Dashboard after clicking Save.
Pending Edit Course Requests

Updates to certain critical fields in a training course will trigger an edit request that must be approved by the LWDB before going into effect. To approve or deny these changes, locate the **Pending Edit Course Requests** section, and click the **TID field**. The next screen will outline the proposed change and give the option to approve or deny the update. Click **Submit** when finished.
Pending Edit Provider Requests

Critical field updates to a provider’s administrative profile, like a name or Federal Employer Identification Number (FEIN) change, will appear in the Pending Edit Provider Requests section. Follow previously outlined steps to approve or deny the proposed change(s).

Outside Provider Requests

Training providers from local areas other than your own can apply to have their offerings displayed on your local list. These applications will appear in the Outside Provider Requests section. Click the PID field to review the provider’s profile.

After reviewing the provider details, select Approve or Deny. Click Save.

Provider Management Tab

This screen shows the Primary and Outside Provider Lists for your LWDB. Clicking the PID will allow you to view the training provider and training course details. A training provider can also be removed from the list by clicking the Remove button next to the provider’s name.
Please Note:

Removing a Primary Training Provider will remove all courses and offerings from both the Primary and Secondary LWDB(s).
**ANNOUNCEMENTS TAB**

This brings you to the Announcement Management screen. This page includes Announcements Sent and Announcements Received along with archives for both categories.

**WDB Announcements**

To send a new Announcement, select a **Start Date** and **End Date**. Enter the **Subject** and **Body** of the Announcement, and press **Submit New Announcement**. The announcement will be posted to all providers contained within your Local Workforce Development Area (LWDA).

**DOCUMENTS TAB**

The **Documents** tab is used to manage the documents that are filled out by Training Providers during the registration process. There are three forms preloaded by NYSDOL:

- Assurances Form;
- Authorized Signature Form; and
- Provider Contact Information.

These forms are required by NYSDOL, cannot be removed, and will not be shown in this tab. Instead, LWDBs may upload their own required forms.

To add a new document, fill in the **Form Name**. Check if the Form is required for all Providers, and press **Choose File** to find the document on your computer, and then press **Open**. Click **Add Form**.

To remove a form, select **Remove**.
CONTACTS TAB

This tab will bring you to the Contact Management screen, which includes your LWDB contact information. To change your contact information, enter the new information and press Save.

This page also allows you to browse information for other LWDB contacts and includes your WDB Contact List.
REPORTS TAB

This tab will bring you to the Reports Management page. Here you can generate a report of offerings that have been approved to be on the ETPL but then have been inactivated or expired. Enter your search criteria and press Generate.

WDB Reports

From this page, you can also generate an Approved Items Report, which will create an Excel spreadsheet of your provider and course/offering fields.
IN DEMAND OCCUPATIONS

The list of in-demand occupations for your local area can be maintained using the In Demand Occ. Tab. Occupational titles can be added by searching by Standard Occupational Classification (SOC) code, occupation title, or keyword. After the title is added it will appear in the In Demand Occupation List, and the local area can assign priority to occupational tracks it would like to focus on.

CONTINUED ELIGIBILITY

WIOA requires that programs approved for Initial Eligibility undergo an evaluation for Continued Eligibility after one year. Future Continued Eligibility reviews must be completed every two years. However, NYS does not currently have a process in place for Continued Eligibility. The guide will be updated in the future to include the process for Continued Eligibility.

REGISTERED APPRENTICESHIP PROGRAMS

All Registered Apprenticeship programs are automatically eligible to be included in the NYS list of eligible training programs and providers. Registered Apprenticeship providers that want to be added before the process is finalized should contact NYSDOL, who will facilitate the approval of Registered Apprenticeship programs.

FREQUENTLY ASKED QUESTIONS
Do the LWDB contacts receive notification that a new provider request is in their dashboard?

No, LWDB staff or their designee must log in and check for new provider requests.

Our LWDB ETPL designee has left; how do we assign a new one?

Send an email to ETP@labor.ny.gov with the person’s name, title, telephone, email address, and NY.gov username and we will request an account.

Does NYSDOL review the provider information before being placed in the LWDB’s dashboard?

No, approval of training providers and their offerings is the LWDB’s responsibility. NYS has no authority to include providers and programs on the list.

Does a training provider have to be on the ETPL before WIOA training dollars can be used?

Yes, the training provider must be on the ETPL before a participant may use his/her WIOA Title I training voucher or ITA/ITG funds. There are exceptions to this, including:

1. Customized training;
2. On-the-job training, including Registered Apprenticeship;
3. Incumbent worker training;
4. Transitional employment; and
5. Providers in an area where it has been determined there is an insufficient number of providers (e.g., rural areas).

Does a provider need to be on the local listing in order to approve it for an ITA? Or can it be approved by another LWDB?

WIOA requires that individuals eligible to receive training can select any eligible provider from any local area included on the state list.

LWDBs should ensure that participants are informed about the NYS and local lists, encouraged to use them, and informed of their right to choose any programs on the list. There are three conditions for issuing the ITA:

1. Training must be in an occupation for which there is demand,
2. The individual must have the qualifications to succeed in the program; and
3. The individual must have met with a career planner regarding the training.

Do we need to complete the in-demand occupation section?

Yes. Provider offerings are displayed on the list based on your in-demand occupations.

Can training funds be used for a computer or distance learning courses from providers in other states?

Yes. There are no residency requirements for services under WIOA. Out-of-state providers can apply to be on the list and select a Workforce Development Board when creating their account.
Can Community-Based Organizations be on the list?

Yes, it is important that we provide access to these organizations to maximize customer choice.

How is the LWDB assigned to training providers?

The LWDB is assigned based on the training provider’s physical location (zip code). If a training provider has more than one location in different LWADAs, they need to create separate accounts.

There is a provider we would like to use that is not located in our LWDA and has not been approved by their primary LWDB. What should we do?

You can reach out to the LWDB where the provider is located or contact us and we will contact them. We are encouraging LWDBs to approve a wide variety of training providers and options whether they are willing to fund their programs or not. Please note that offerings not eligible for funding by their primary LWDB are still considered an approved ETPL offering.

How is information from the ETPL sent to the One-Stop Operating System (OSOS)?

The ETPL application has a feature that automatically creates new providers and updates their services (the course) and offerings (the actual dates/times of the course) within the provider module in OSOS.

The update to OSOS happens in real-time when the LWDB approves the service offering and selects the funding eligible checkbox. Providers and service offerings will no longer need to be entered manually into OSOS.

Staff need to select the offering that has ETPL Auto Load listed in the Description field. If the provider needs to be in OSOS, they must first be approved and have made funding eligible in the ETPL application.

I have a training provider that is trying to register on the website. They do not have a Data Universal Numbering System (DUNS) number. Can they still be listed on the eligible training provider list?

No. Having a DUNS number is required. DUNS numbers are free and obtained from Dun & Bradstreet (D&B) and are typically used for organizations doing business with State and Federal agencies (e.g., grant recipients, contractors, etc.). Providers are not obligated to purchase any of D&B’s products and may already have a number.

One of our providers is not receiving emails from the ETPL application. Any suggestions?

The automatic emails generated by the application are sent to the email listed in the Administrative Contact Information section located under Administration. Providers should:

1. Make sure the email listed on the application is correct.
2. Check their “junk” or “spam” e-mail.
3. Designate your email as a “safe sender.”

One of our providers has neither a license nor an exemption. What do we tell them?

For those providers without a license from a licensing entity such as the Department of Motor Vehicles, the Division of Criminal Justice, or licensed by the Bureau of Proprietary Schools, or an exemption from Section 5001 of the Education Law, we are recommending that they choose that they have an exemption and then choose Exemption G.
