

Job Title: Distribution Inventory Assistant

Job Summary: Assist with the storage and inventory management of cannabis and cannabis-infused products.

Salary:

Duties and Responsibilities:

- Assist with all warehouse and inventory operations and controls including sell through rates, analyzing customer purchasing habits, markdowns, destruction, and removal of product.
- Assist with correctly inputting data and communicating effectively with customers and vendors, either in person, telephone or through email correspondence.
- Unpack, sort, label, and store merchandise as directed.
- Assist in identifying problems, such as damages, shortages, or nonconformance of products, and document these issues for Distribution Inventory Manager.
- Achieve daily output goals as assigned.
- Assist Inventory Manager in preparing reports, planning budgets, setting distribution schedules, pricing products, and making purchasing decisions based on estimated consumer demand, sales data, and industry knowledge.
- Assist with reading and analyzing inventory related documents and reports.
- Assist with receiving, inspecting, and storing all finished product and ensure packaging and labeling meeting regulatory requirements and product safety standards.
- Assist with inventory planning for future orders and current availability.
- Review customer purchase orders and pull supplies from inventory and prepare them for delivery.
- Assist with sourcing supplies and equipment as need and approved.
- Maintain warehouse cleanliness and organization, including any areas where product is stored.
- Assist with maintaining accurate inventory, and complete weekly reconciliation audits in the state-required seed to sale tracking system.
- Assist with ensuring compliance and accuracy involving all product tracking, product security, and product movement procedures.
- Assist with the resolution of discrepancies in inventory procedures and/or product.
- Maintain stored product in a neat and orderly fashion, and work to maximize the effectiveness of the space.
- Review, understand, apply, and comply with all standard operating procedures.
- Receive and check inbound supplies, ingredients, and materials for accuracy and place in the proper location.
- Continually strive to improve Company's processes for improved safety, quality, and efficiency.
- Cross-train on inventory protocols and work alongside other facility teams to coordinate schedules and goals.

- This role routinely uses standard office equipment, technology, and software.

Working Environment:

- This job operates in a warehouse environment.
- Uneven surfaces, stand/sit long periods of time, bending/stooping, or hard surfaces.
- May be required to work outdoors and/or during inclement weather.

Minimum Qualifications:

Age: 18 years of age

Education: High school diploma or equivalent

Experience:

- Prior inventory or warehouse experience preferred.
- May be required to obtain forklift operator certification.
